22 March 77

21 Mar - Per DD/Pers - re: OS's "Fuzz" paper

- Adm. Turner has questioned our interpretation of the Pres. Carter memo and OMB's memo 77-7 3 Mar 77 as limiting EOD's of both civilian and military personnel - he reads OMB's guidance as applying to civilian employment only not military personnel -
- Called [redacted] and asked that he contact OMB for an interpretation.

- Dave contacted OMB on 21 March and Rec'd OMB - Military personnel may be brought on-board against positions previously designated (on or before 28 Feb 77) as military positions and a due for one vacancy basis.
